MEAT IS ALREADY UP TO FAMINE PRICES

East Side Retailers Advance Rates on Account of Strike, and Those Who Can Afford It Are Buying Supplies for Several Days Ahead.

The first offe t of the big strike of the beef handlers was felt early today on the east side of the city. All of the butcher shops, great and small alike, raised the prices for beef, lamb, mutton and veal, with the result that endreds of the more prosperous took huge baskets to the shops and bought their meat supplies for days ahead.

Those who could afford it bought for over next Sunday, but the vast fority could not afford so big an outlay and had to content themselves rith laying in supplies for the next two days.

The advances ranged from four to six cents a pound on all classes o at. The increase created a good deal of excitement, but no disorder. Smaller advances than these have made riots on the east side before now

The butchers who supply the poor were not optimistic over the situation to-day. They said that they were obliged to raise prices because the pholesale price had gone up and they must protect themselves. Very few of the butchers have any large supply of meat on hand and there will be out-and-out famine prices before the end of the week unless the situation changes materially.

One of the biggest of the east side shops is that of Finran & Schmitt, at No. 86 First avenue. Mr. Finran said to-day that he had two days' supply on hand, but that at the rate it was being bought up he doubted if it would last through to-morrow.

"These people fear a bigger increase," he said, "and they are putting all of their spare cash into meat. I am afraid, though, that great suffering to coming, for, of course, there are thousands on the east side who never have more than enough money at a time to buy a day's supply. With our two days of meat here we are better off than hundreds of other small shops. By to-morrow noon I expect to see scores of the small shope shut their

RIGHER RATES FOR ALL FOOD STUFFS.

The situation for the poor will be aggravated by a general advance in all other foodstuffs. The dealers in general provisions on the east side have already begun small advances, and these will increase as the supply of meat in the shops runs out. Nauss Bros., of Fifth street and Second avenue, big dealers in provisions, said that by to-morrow there will surely be a big advance in the retail price of butter and eggs.

Increases in prices are also marked to-day in the upper part of the city, but there a few cents extra to the pound makes little difference to the consumers, save in the poorer sections. The hotel people have made no advances in their prices. Most of them have at least a week's supply ahead in their ice-boxes. Steward Decker, of the Hotel Manhattan, said to-day there would be no increase at that hotel unless the wholesale price got to such a prohibitive figure that it was absolutely necessary. Steward Von Arnim, of the Waldorf-Astoria, said the same thing, and added that his notel had a big supply of all kinds of meat on hand.

EXPECTS ADVANCE AT HOTELS.

The situation with us, though," he added, "is that no matter how much meet is we have to have it, and of course if we have to pay fancy prices we'll have to charge them. At present, however, there will be no changes."

At the Hotel Imperial it was said that a supply of meat bought this morning was purchased at an advance of two cents a pound over the reg-

chelberger, fourth vice-president of the State Board of the Meat Cutters' Union. Homer Call, the secretary and treasurer of the board. who is expected here from Syracuse, did not arrive in time for the meeting. He will be here later in the day and will take charge of the strike in this

WORKERS QUIT HERE.

Early to-day the strike extended to the carriers in the employ of the spust houses in Harlem, on Twelfth avenue, from One Hundred and Twentyninth street to One Hundred and Thirty-second street. These men carry ment from the refrigerator cars to the big warehouses of the Swifts, the Armours, the Cudahys, the Morrises and others. Just two houses in this section have escaped the strike. They are the Indianapolis Abbatoir Compeny and Conron Bros, and they are independents. It is said that their carriers will go out later in the day.

The situation in other Eastern cities is the same as it is in New York and a large part of the West, where the strike is at its height, will be with-out meat in a few days. The 20,000 union men in Chicago are all out and the great packing centre is paralyzed by the blow. Kansas City, St. Louis, St. Paul and the other packing centres find their chief industry at a standstill, and already the shipping of live stock to these point has stopped.

The unanimity with which the men Fast and West obeyed the order to

out has actonished the trust folks. It indicates a movement secretly planned for months, for no overnight order would have met with the remarkable response that this one of the Western leaders of the trust work-

TROUBLE IS EXPECTED.

Serious trouble is looked for to-night and to-morrow at the big slaugher-houses of the Schwarzchild & Sulzberger Co., which occupy the block First avenue, from Forty-fourth to Forty-fifth street. Two hundred negross and Italians were landed there late this afternoon from the tugboat Charles R. Kufer. They are to take the places of the strikers. Cota have been placed in the buildings for them, and they will be protected from the wrath of the strikers by Pinkerton detectives and the regular police.

Strikers thronged the street around the plant all day, but when it was learned that strike-breakers had been landed from the river their numbers were increased by hundreds of others. There was much angry talk, but no attempt at violence. It is feared, however, that there will be trouble later on when all of the strikers learn of the situation.

NO TROUBLE AT THE SCENES OF THE STRIKE.

CHICAGO, July 13 - Everything is quiet about the stockyards to-day. About five thousand strikers, all good natured, are loitering about, but, have offered no violence to the non-union men working in the Swift and Armour establishments.

It was declared to-day that every packing-house had some men at work, but the strikers said that was not so. The packers are employing all applicants for work who seem intelligent and strong. Hundreds of such 466 have appeared at the stockyards. The strike has also attracted thousands of unemployed who are looking for work. The strikers have stood calmiy

COURT UPHOLDS

Appellate Division Sustains the Decision of Judge McMahon

Mahon, of the Court of General Sessions, in sentencing Lewisohn to jail for fifteen days for contempt of court in refusing to answer questions put to him.

Justice Ingraham wrote the opinion of the Court, Presiding Justice Van Brunt and Justice Patterson concurring.

Justices Mol.aughlin and Laughlin dissented. It is announced by Alfred Lauterbach, counsel for Lewisohn, that an immediate appeal will be taken to the Court of Appeals and in case of an adverse decision there the case will be taken to the United States Courts.

Wom in First Case,

This is the second time that Lewisohn's case has been in the higher courts. Early last year when he was first adjudged in contempt for refusing to answer questions the Court of Appeals sustained him and Canfield and his friends were jubilant over the result. In the interim, however, Mr.

his friends were jubilant over the resuit. In the interim, however, Mr Jerome went to Albany and succeeded in forcing his gambling witness bill through the Legislature. Immediately this bill was signed Mr. Jecome reopened the Canfield case and subpoenaed Lewisohn to appear before him. Lewisohn obeyed the subpoena. That was on May 16 last, and the hearing was before Justice Wyatt in Special Session. Lewisohn was asked if he had played roulette on the premises at No. 5 East Forty-fourth street. He refused to answer, quoting the Constitution in defense of his stand. He was placed under arrest and again asked the same question. He again refused to answer. He was indicted by the Grand Jury for his conduct, and Judge McMahon adjudged him in contempt and committed him to Ludlow Street Jail for Afteen days. His coungot a writ of certiorari from Justice Dugro. Lewisohn was released on \$1,000 ball. Later Justice Dugro rescinded his order and had the entire case taken to the Appellate Division.

Case Up In Court.

Assistant District-Attorrey Gans Argued the case before the Appellate Division. Alfred Lauterbach opposed him. Mr. Gens was jubilant when he heard any statement. Mr. Rand, who is in charge of the office in the absence of rM. Jerome, also declined to say any

he immediately haled to fall, but the appeal, which will be taken right away, will save him that ignominy. His present ball will probably be continued.
